Crown Care Mission Statement

Our mission at Crown Care is to foster the intellectual, social, emotional, and physical growth of our students and to inspire a lifelong commitment to learning. A caring, educational environment promotes cultural values and supports positive relationships and respectful interaction. We encourage children to learn by doing— moving from concrete, hands-on experience to more abstract concept development. Our priority is to provide a healthy balance of child-directed and counselor guided activities, as well as time for children to work individually, in small groups, and in large groups. Our program provides an integrated, comprehensive approach to learning for the children in our community.

For Parents/ Guardians

Staff

Our professional staff is dedicated to making Crown Care an exciting and safe place for your child(ren) to spend Before and After School as well as school days out. Each member of our staff is trained in child care policies, safety procedures, active and passive games, arts and crafts, and athletic activities. All staff have undergone fingerprinting and background checks, in addition to being CPR and First Aid Certified.

Conduct and Discipline

The word discipline is derived from the word disciple, which means to guide or teach. Positive guidance is meant to help the child develop self-control, self direction, social competence, and good self esteem.

- Crown Sports Center and Crown Care are committed to providing a safe and positive environment for all children. To ensure this, children and parents are expected to immediately report any personally offenses or threatening situations to the Crown Care Director or Crown Sports Center office.

Code of Conduct

The code of conduct is included in this packet so that children and their families are informed of the behavior of all participants for the safety, health, and happiness of the children and staff.

- Children are to be respectful to others
- Children are expected to conduct themselves in a manner which does not jeopardize themselves, other children, staff, or the facility.

Disciplinary measures may include:

- *Time out
- *Loss of privilege
- *Phone call to parent
- *Parent conference
- *Suspension
- *15 day probation period after suspension
- *Immediate dismissal without a refund

Crown Care and Crown Sports Center will use the following procedures to address disciplinary problems for children who fail to abide by the rules and regulation on a continual basis, or commit a very serious infraction.

- **1st Infraction:** Verbal warning by staff. Parent/ guardian will receive verbal and written notification of the incident.
- **2nd Infraction:** Verbal and written warning to parent/guardian of the incident. Child may be denied right to participate in special event (i.e. arcade, trip attendance, etc.).
- **3rd Infraction:** Parent/guardian conference will be scheduled immediately to identify problem and discuss solutions. Suspension or expulsion from care may result immediately or after several days if no improvement in behavior is shown.
- No refund will be issued if your child is suspended/ expelled from care due to behavior.
- Note: serious infractions may warrant immediate expulsion from program.

Appropriate Positive Guidance Techniques

At Crown Care, we believe the focus of the guidance should be on the behavior, not the child. Behaviors are good or bad, not children. The following positive guidance techniques will be utilized within Crown Care's programs:

- Staff will be accepting and understanding to age appropriate behavior (crying, messiness, resistance, and/or assertiveness).
- Crown Care's environment is designed to encourage self discipline, thus eliminating potential problems (shelves will be labeled with descriptions and/ or pictures of toys to encourage children to put toys and items where they belong).
- Staff will present themselves as a positive role model by using appropriate language in an appropriate tone, as well as, behavior and proper use of materials (children imitate what they see and hear).
- Staff will acknowledge children for appropriate behaviors, thus sending a clear message that correct behaviors are worthy of praise (this helps the child distinguish between right and wrong).
